

When using FPB High-Speed Internet, you have the option to rent an FPB Advanced Wireless Modem Router for only \$5 per month. The modem rental comes with full customer service and maintenance. It will also provide a smoother internet experience and allow for wireless home networking. In the unlikely event your modem should fail, FPB will replace it!

You have the option to purchase a new modem from a retailer. Please review our list of recommended modems. Contact FPB Customer Service to activate your customer-owned modem by calling 352-4372.
